

ALASKA BLACK WASHING AND CARE INSTRUCTIONS

Air Sleeping bag out after each use.

From time to time run a vacuum cleaner over the inner lining as this will maintain inner fill loft.
If storing for long periods we recommend removing sleeping bag from its storage bag and ideally drape or hang.

Gentle cold machine wash using an oversized commercial front loading drum machine.

Cold wash

Mild detergent

Air drip dry only

Do not iron

Do not use a machine dryer

Do not dry in front of an open flame or fire

We do not recommend Dry cleaning as fabric coatings maybe affected
